SPORT

A Respectful Moment

The students and staff of J. Percy Page paid their respects for the people who fought for our country. Every year, Page organizes one of the best Remembrance Day Ceremonies. Our dancers performed various dances that are related to the poems that students created. Students representing Cascade, Sunwapta and Wapiti laid down wreaths for the people who past away during the war. To end this perfect ceremony was a moment of silence and the playing of "Last Post"

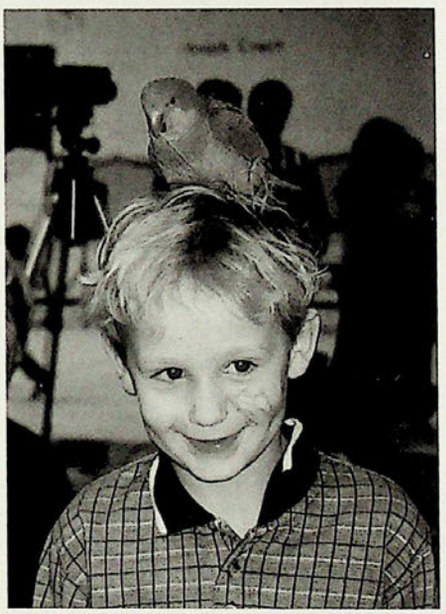
BUILDING TOGETHER

Stuart Olson Constructions

Every year, J. Percy Page has hosted a joint Christmas Party for Stuart Olson and J. Percy Page Staff, and every year it gets better. This year they had face painting, coloring, a magic show and some small creatures came in too!

Recently the school library has received another classroom. We would like to give our thanks to Stuart Olson Constructions for they continuing support and contributions to the school.



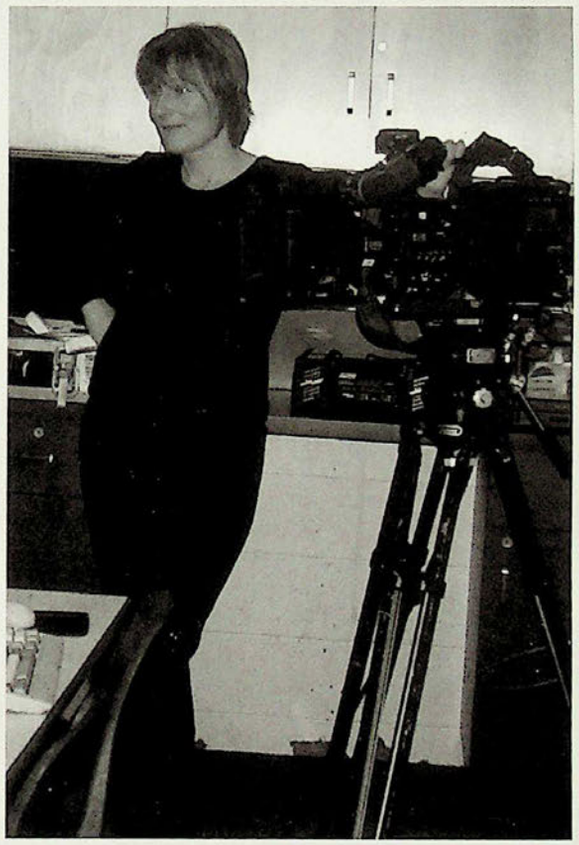
Shaw Connections

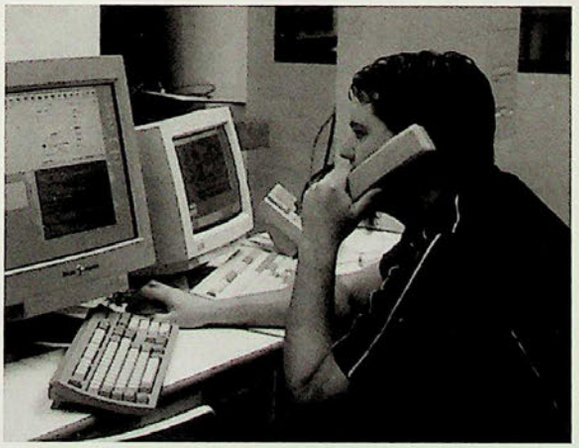
We would like to thank Shaw Connections for their support. We are now equiped with the fastest Internet connection that we can get. Our computer tech teachers are Mr. Wynn, Mr. Quereshi and Ms. Andrews. Since August of '97, we have the world in our hands. One of the courses that is supported by Shaw Connections is the Virtual Classroom.

Virtual Classroom

What is Virtual Classroom? It is class that will allow students to learn with other students anywhere in the world via the Internet. Last year, Shaw Communications was nominated for the Educational Partnership award for their work with Page.

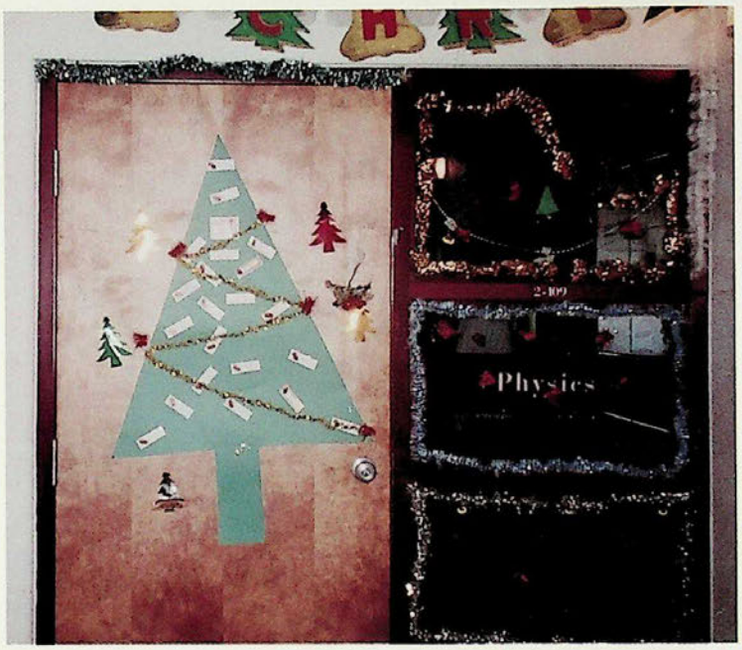
"We're taking a high speed Internet connection and using it in a way that has never been done before," - Ms. Karen Andrews

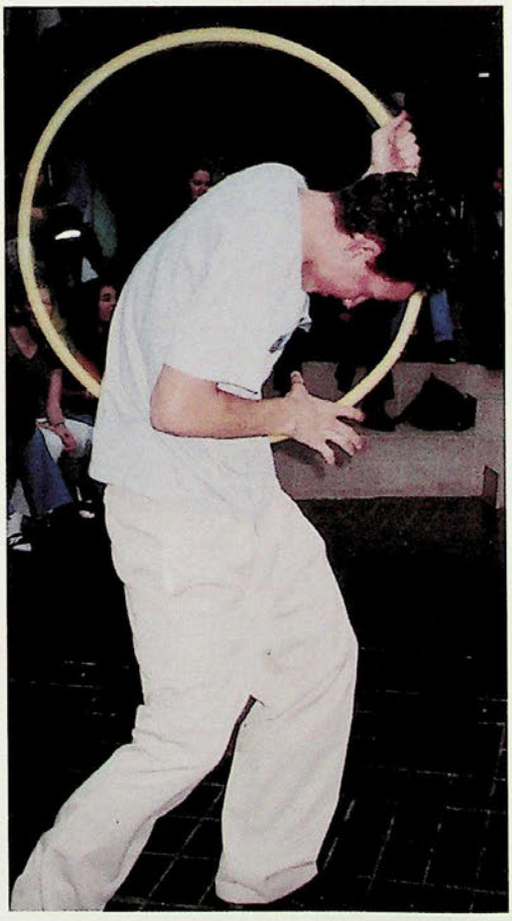




Christmas Week

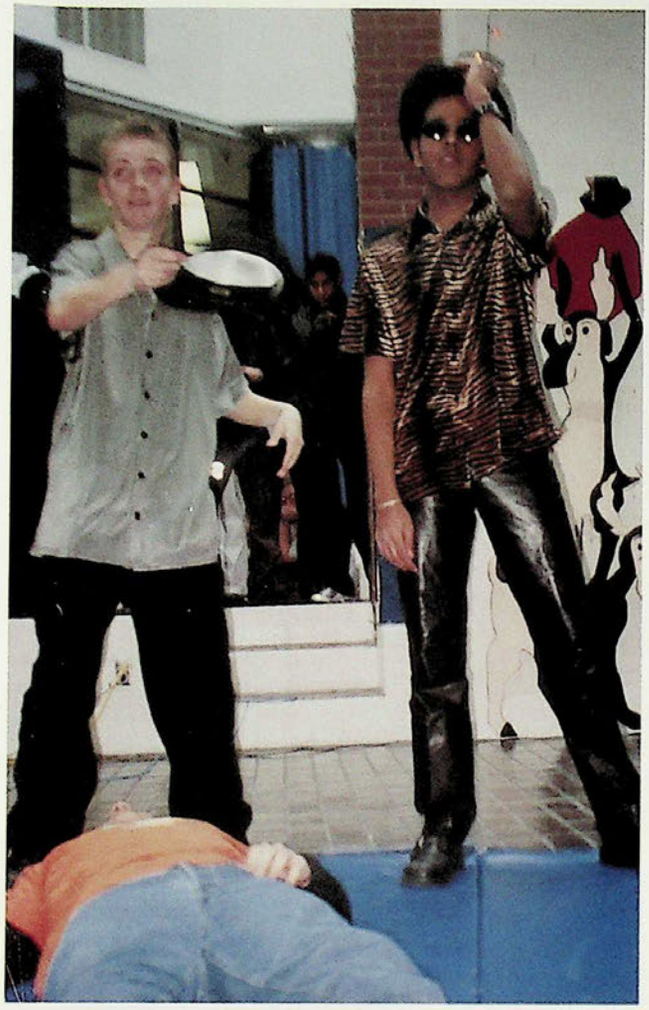
It's Christmas! Check out what Page was up to *this* year.

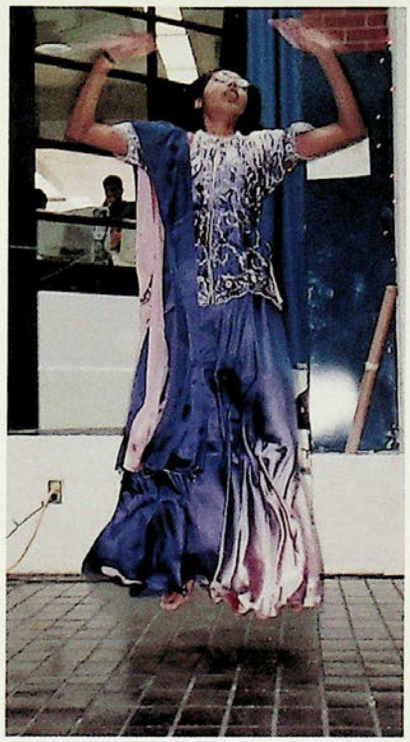


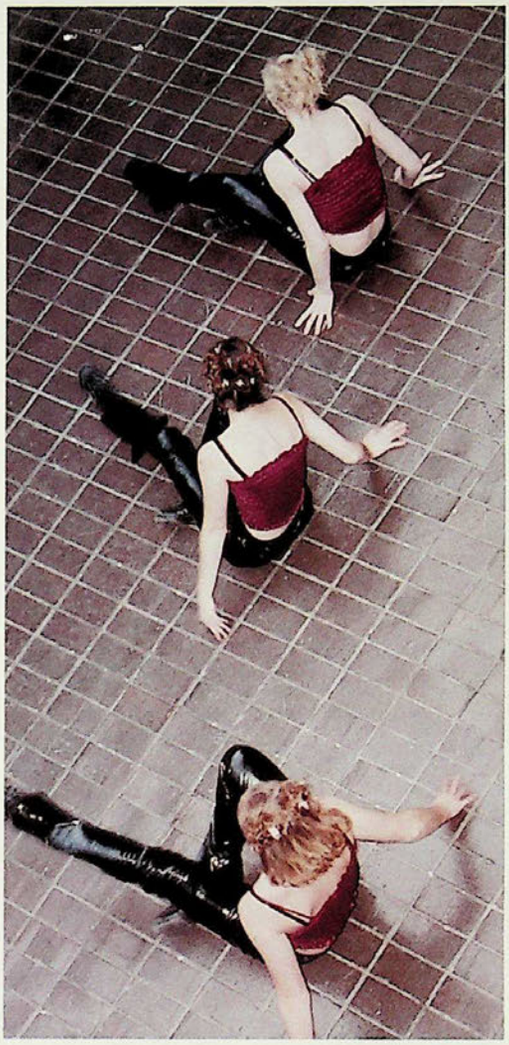


Page Pageant

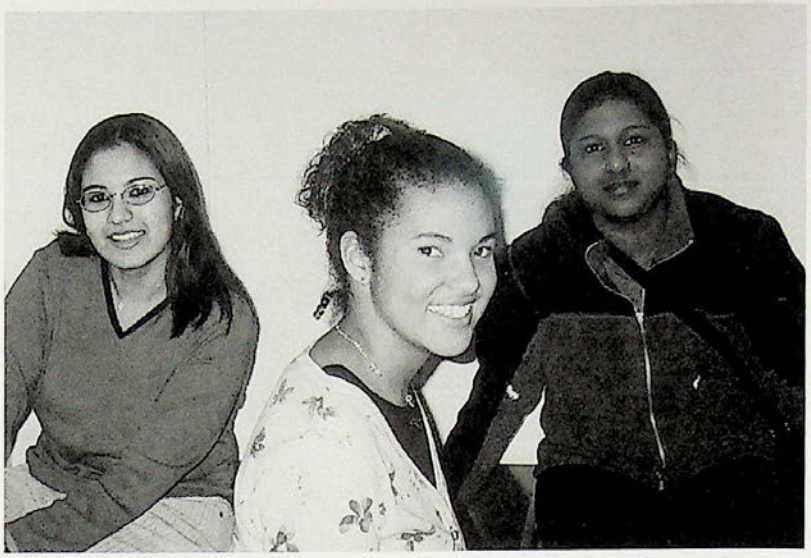
Welcome to the annual Page Pageant! This year, we had some interesting participants who entertained us during lunch time, trying to capture 1st prize - $500, 2nd prize - $100 and 3rd prize - $50.

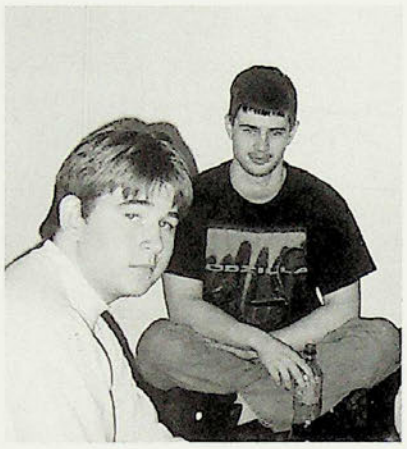


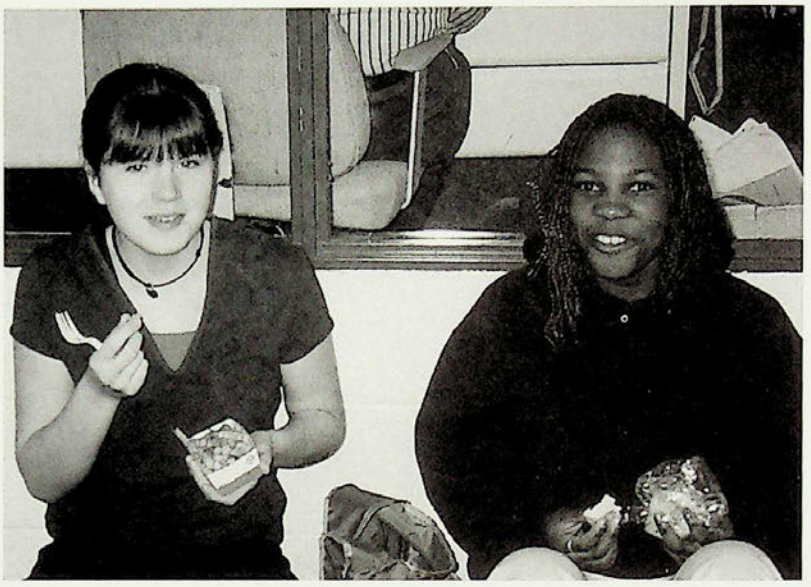


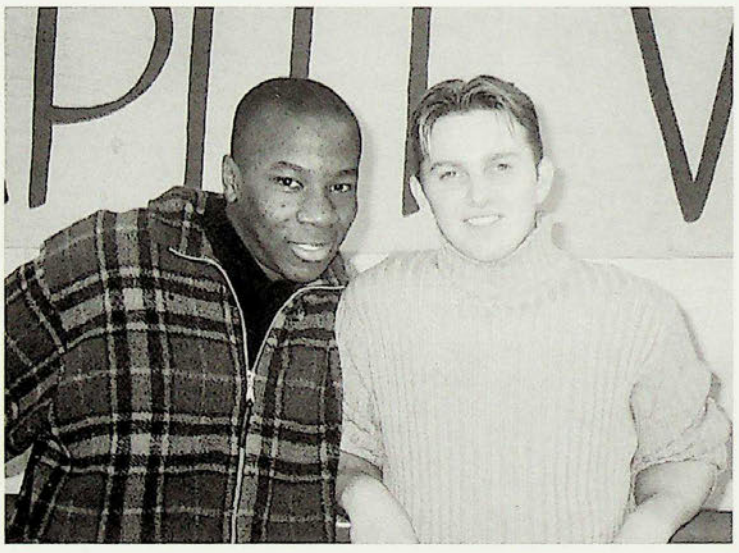


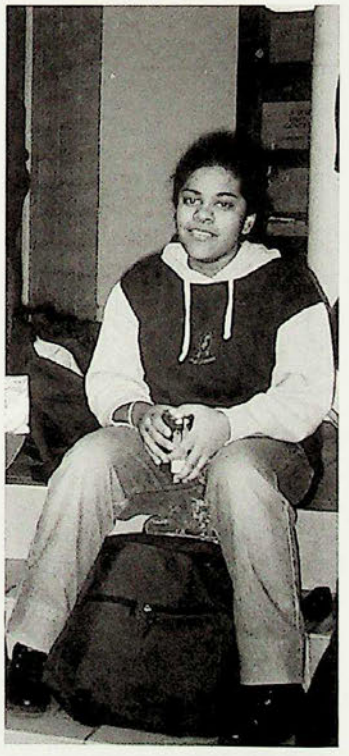
Most participates showed off their talents this year by singing and dancing. First place went to **Hardcore Divas** (right)... second place went to the tapping - dancing duo, **Jacqueline and Kelsey** and third place went to the **Front Street Boys** (below).











Mr. Marshall's Message

Here we are, in the auspicious year 2000, at a significant numerical point in history, a point in time from which our civilization will be evaluated. Here, at this front edge of a new century, humanity is caught in transitition, in change and in turmoil.

We are profoundly more educated and more aware than people were 1000 years ago. But, we apparently are not much smarter. We are able to make bigger mistakes with our environment, bigger mistakes with our military interactions, bigger mistakes with our economies, more pronounced changes to human life in every way. Our technological advancement has allowed most human activity to happen globally and instantly. But, we appear no wiser.

This generation of young people, graduating today from our schools into the larger world, has a change to make in the direction of human wisdom. This young generation must develop the ability to use the accumulated knowledge of human history in wise ways. Our graduates must take what has been bequeathed to them and use it for the betterment of the world they have inherited.

From what I have seen of our young people, they will be up to the challenge. I wish them all the best.

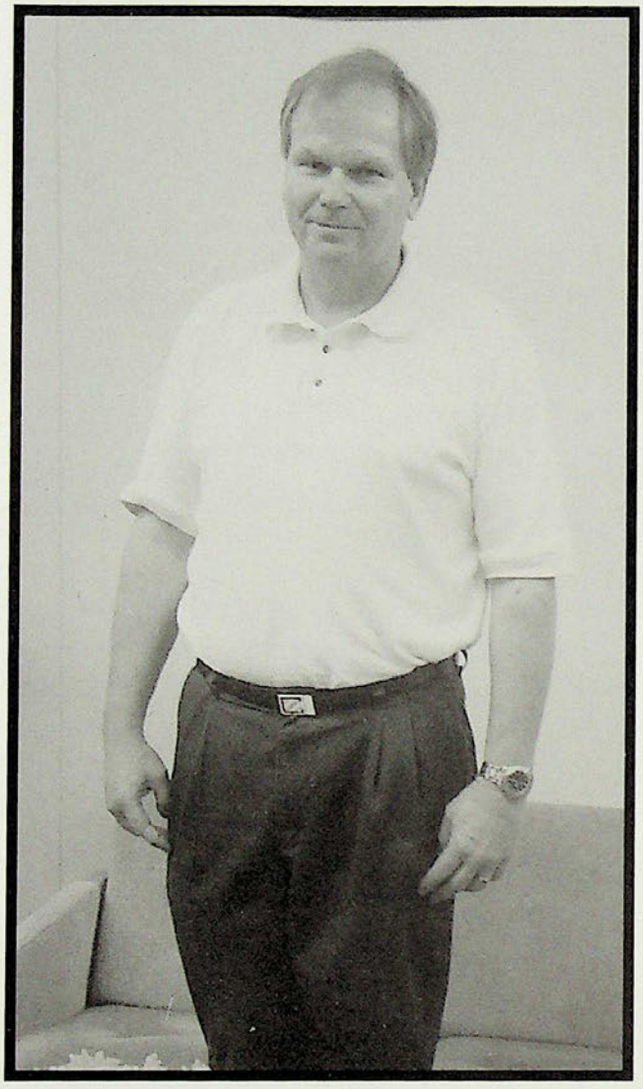
Mr. G. Buxton & Mrs. M. Kurney's Message



J. Percy Page is a very special place. While the atmosphere of the building plays a role, it is the contributions of the students and staff that are mostly responsible for this. Indeed, "You Make the Difference" at Page.

Your experiences here will unquestionably have helped to shape the rest of your life, but you will have also left your own impact on the school and influenced the lives of others. Many times in the future you will think about your time in High School. You should savour the memories, friendships, dreams, and accomplishments. This is a special time, and marks a major transition in your life.

Even if there were failures or disappointments, those too can help you learn, gain perspective, and make decisions in the future. You should draw upon all your experiences in high school as you meet new challenges and strive to achieve your goals.

Congratulations to the grads of 2000. If you work hard, never lose sight of your goals, and always try to make a difference, you will experience great success and happiness throughout your lives.

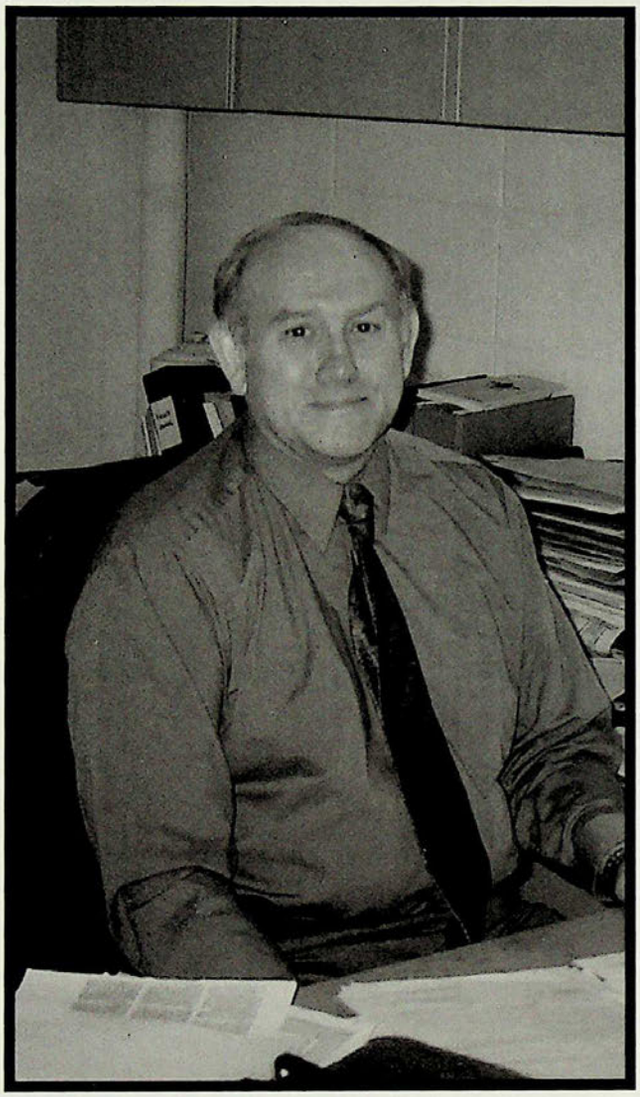
Mr. MacDormand's Message



A number of years ago while touring Jasper National Park I stopped at Sunwapta Falls. As I stood at the railing watching thousands of litres of water rushing through the gorge, I was awestruck with the power of the falls. I knew that the waters flowing over Sunwapta Falls would eventually join the mighty Athabasca River, which would join the McKenzie River and flow into the Arctic Ocean.

You the students of Sunwapta, are like those lively sparkling water droplets in the mists of Sunwapta Falls. You are the hope of tomorrow, and you will soon be swept along to join the mighty river of your futures.

Remember the good times when you were a part of the Sunwapta "waterfall": the competitions, the comradery, the striving for academic excellence. Remember too, the rush and struggle of your high school years, for they have shaped the people you will become.

Go out into the river and feel proud that you were a student of Sunwapta and of J. Percy Page High School. You, like those tiny droplets of water, will contribute to the bigger ocean of life!

Ms. Mather's Message

It has been a privilege to work with J. Percy Page students and staff for another year. I find my time here to be like a wonderful book - each page offers new ideas, new relationships and hope for what is to come. Each chapter presents opportunies to learn and to stretch beyond our shadow. It is a book that I never want to end.

This year has brought growth in many ways because of challeges and teamwork at all levels. We have had opportunties to question our vision and reaffirm our objectives. The most wonderful experience has been the ongoing renewal of values such as intergrity, sportsmanship and fair play. It is encourging to see our young people demostrate clear thinking, curiosity and careful decision making along with regard for our community.

I congratulate our teachers for guiding us towards critical thinking and confidence. Our students have done well. Athletes have demostrated commitment and a sense of responsiblity along with a drive to improve. Our Student Union has been strong and willing to take risks along with accountability; many opportunies for leadership and good will have been created through their efforts. Our Fine Arts students have enriched our school through dance, music, art and drama. CTS students and staff have provided support in countless ways.

J. Percy Page is fortunate to have a diversity that results in a culture that is a luxury and strength. As our young people prepare for adulthood with compelling energy, it is comforting to see their enthusiasm for life. I wish you all success in meeting your goals and much happiness with your journey. J. Percy Page has been a segment in your life; I wish you many challeges and much strength to go the next chapter.

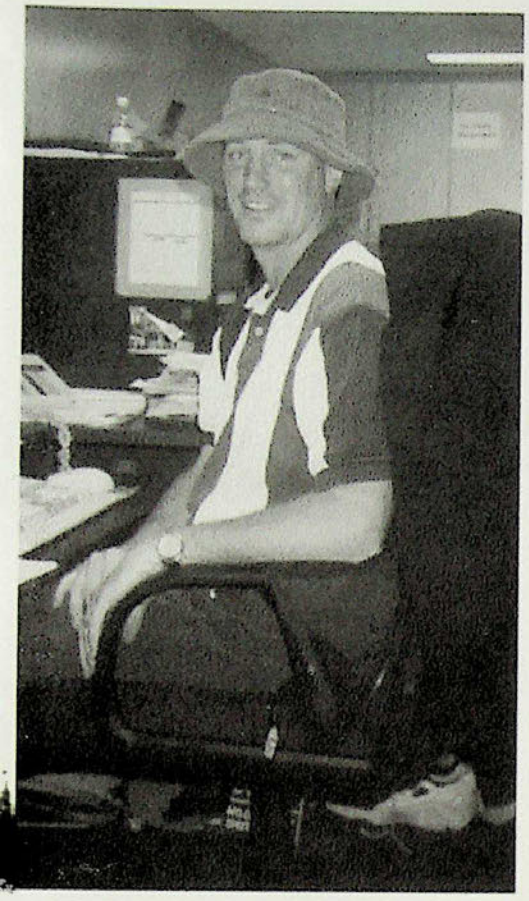
PHYSICAL EDUCATION

Wow, what an exciting and memorable year for physical education students and staff. Thank you to the physical education 30 students for a year full of laughs and memories that will last a life time. The camping trip, mountain biking, scuba diving, archery, double triathlon champion Ryan McRitchie and to end it all a great game of paintball. Congratulations to Aaron Roche and Cathy Oliver for receiving the top Physical Education 30 awards. Physical Education 20 students experienced camping in the rain, golfing in the rain, and baseball in the rain. The students were also introduced to non- traditional sports such as snorkeling, criket, cross country skiing, and curling. Congratulations to Lorraine Stelck, Brad Kokoroyannis, and Mike Smith for receiving the top Physical Education 20 award. The Physical Educaton 10 students were a great group. We hope that we have introduced you to a variety of activites that will encourage you to continue with and understand the importance of fitness for life. Thank you to all the physical education students for your unique and positive contribution to our program. We wish you the best in all your future endeavours.

Patti Skolski



PAGE ATHLETICS

Congratulations to all J. Percy Page Student Athletes. 1999- 2000 was a great year for Athletics. 285 athletes and 40 coaches and advisors participated in over 20 different teams. Just a few of the many highlights: City Champions in Junior Boys Basketball, Sr. Girls Soccer, Mixed Curling and Cheerleading. First Place in City Conference for Jr. Girls Volleyball and Jr. Girls Basketball. Truly a School of Champions! A job well done to all those student voluteers, parents, and teachers who helped host tournaments this year at Page. Top Gun Invitational Volleyball, Western Invitational Basketball, and Page Cheer Tournaments. Congratulations on a great job hosting the ASAA Provincial Cheerleading Championships. Thank you to Tawana Wardlaw, Robyn Wincherauk, and the Page Athletics Board for all their help in organizing tournaments, Pep Rallies, and the year end Banquet. Good Luck to all the Grads.

Drama

Early on in September the Page Players began creating the "St. Useless Hospital" Dinner Theatre (complete with Ricky Martin and our own resident psycho surgeon). It was our turn to get in a playful dig at recent health care cuts. Four soldout performances would receive rave reviews. This would be cast, crewed, and produced by the Performing Arts students in collaboration with Mrs. Judy Menzak and our Foods' Department (and their culinary creations). Many thanks to our senior Page Players for their dedication and contributions over the years. Break-a--leg and 'adieu'.

This year's student-directed ENCORE one-act play festival ran four evenings in April. The play roster included:
"Talking With"
"Birdbath"
"Charades"
"Shirkers"
"Mrs. Cage"
"Dead"
"Necropolis"
"Hopscotch"
AND "No Place to Scream" (directed by Melissa Barkman) and "The Tiger" (directed by Stacy Zimmer) which were chosen by adjudicators (Judith Boyle and Naomi Littlewood) to advance to the city drama festival at the TIMMS Center (U. of A.) -- representing the Page drama department.

We thank you, our audience, for the tremendous support for our efforts throughout this year. We thank you, too, for your applause -- it is our reward, but good acting is not an ego-trip; it is generosity!

Dance

PAGE ON POINTE

This year's performances included:

Pep Rally I "Giddy Up" "Bad Boys" "Genie in a Bottle" & "Scream"

Remembrance Day Dance Dramas

"St. Useless Hospital" Dinner Theatre

Christmas performance at Holyrood Elementary School

Pep Rally II "Fantasy" "Fat Boys Slim"

Winspear Center "Masquerade" performance in conjunction with Page's Music Dept.

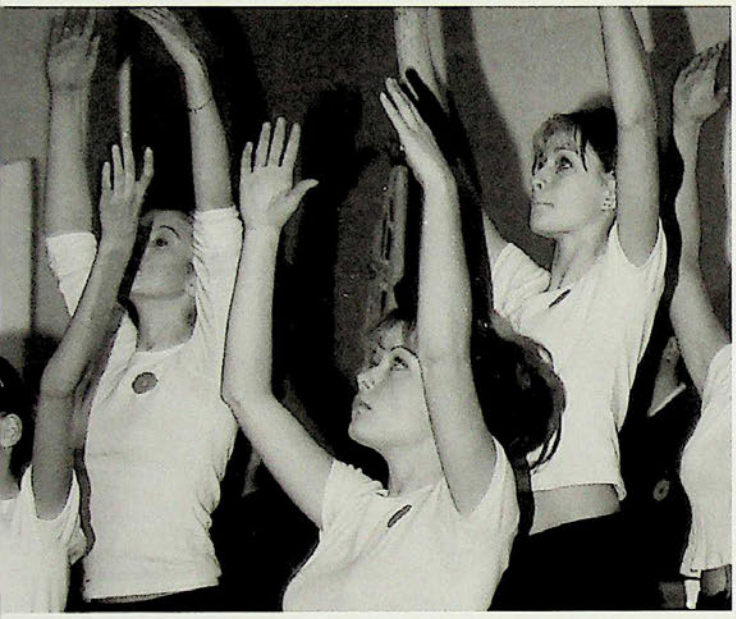
Open House Musical Theatre Numbers
- including Fun from the musical "Big"

Leadership and Student Service Awards Ceremony Performance

We bid farewell to our Dance 35 graduates who have played an integral part of the Page on Pointe ensemble:

Megan McArthur
Jacqueline Hapke
Kristin Lofstrand
Nicole Kittlitz
Erin Nikipilo

We thank you for your creativity and dedication. Good luck!



Band

Under the direction this year of Mr. Graeme Peppink; lasagna suppers, mall concerts, cheerleading tournaments, pep rallys, band camps, numerous music festivals (and Gold awards), a trip to Vancouver as well as our own school concerts have kept all ensemble members very busy. The department hosted a Concert Band, Stage Band, Percussion Ensemble, Concert Choir and a Vocal Trio as performing groups during the 1999/2000 school year.

English

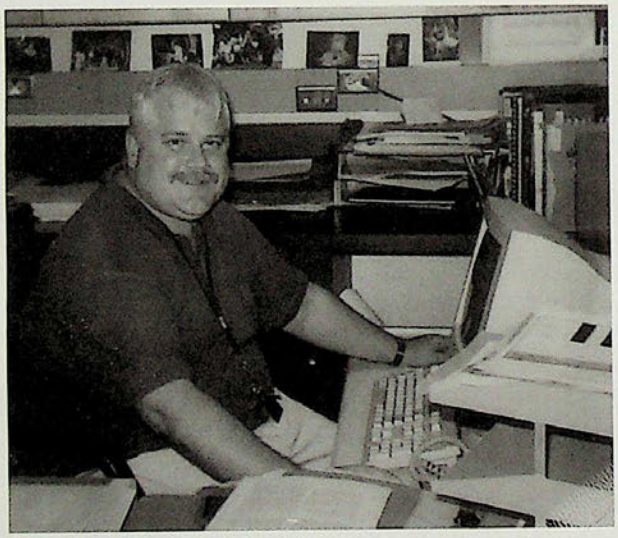
Kemp: Department Head

Another successful year is over, and we look to our tomorrows in a marvelous new century. The year began in September when the English department at J. Percy Page welcomed the millennium with full classes led by a keen and eager staff.

D. Anderson	F. Inftody	V. Arnold
G. Hamilton	P. Bessel	S. Holomis
J. Boyle	C. Kemp	R. Briggs
W. Mitchell	C. French	B. Sparrow

Early in the year our Read In Week was hosted by such notables as our new principal, Mr. Marshall (who even taught a few of our English classes) and our very own Page Players. In November the contribution of English students to Page's Remember Day ceremony was noteworthy with the production of "Voices of Remembrance" a collection of very well received student poetry. Some of this poetry was interpreted and presented by the Page Players at the ceremony. Throughout the late winter and early spring many little events continued to amused us. What class was it who handcuffed Mr. Hamilton? Why did Mrs. Anderson, Mrs. Boyle and Miss Holomis greet you in Mickey Mouse ears?? Finally, in April, although our live theatre choices were limited this year, our English 30 students did enjoy a thoughtful production of Hamlet.

To our graduating students, it is our hope that you will continue to explore the ideas of others in all that you read, and that your will continue to reflect upon the ideas that you have explored so well in all those high school essays - it is those ideas, we hope, that will help you, as Wordsworth suggest, " to live, and act, and serve the future hour" and the new century. Thank you for being a part of our success at J. Percy Page.



Social Studies

Randy Montgomery: Department Head

A teacher spoke of a hot-air ballon that was drifting slowly over a bottomless chasm, carrying several passengers. A leak develops; the ballon starts losing height. The pit, a dark yawn, comes closer. Good grief! The wounded ballon can bear just one passenger to safety; the many must be sacrificed to save the one! But who should live, who should die? And who could make such a choice?

In point of fact, debating societies everywhere regularly make such choices without qualms. What this Social teacher was describing, is a common values clarification exercise in which, as the speakers argue over the relative merits and demerits of the well-known figures they have placed in disaster's mouth. The assembled company blithely accepts the faintly unpleasant idea that a human being's right to life is increased or diminished by his or her virtues or vices, that we may be born equal but thereafter over lives weigh differently in the scales. It's only make-believe , after all. And while it may not be very nice, it does reflect how people acutally think.

As Social Studies teachers we carry out such simulations with our classes in order to force us all to make decisions: hopefully good decisions. We need to realize that although we are not riding in a ballon our lives are like living in a clear plastic bubble. It is not make-believe to state that we will be judged on our actions. Our goals is to make not just good citizens but outstanding ones that can easily be judged by their actions. Go forth, prosper, do the right thing, read a few good books, eat some good food, and live righteous lives.

Mathematics

Marika: Department Head

At the end of this school year the Math department experienced mixed emotions. We are sad that Mrs. Kalmacoff is not returning to teach at J. Percy Page next year. We will miss her support, professional demeanor and mathematical expertise. But on the other hand, we are happy because she is so happy to be entering another stage in her life as she retires from teaching. Mrs. Kalmacoff has taught at McNally, WP Wagner and in Saskatchewan for a couple of years. We wish Mrs. Kalmacoff all the best as she starts a new chapter in her life.

This year there were a number of new faces in the Math Department: Mr. Kapoor, Mr. Zarowny, Ms. Saini who taught some math classes at J. Percy Page during the time that Ms. Matthews was recovering from a football injury, Ms. Popplestone who shared her expertise in science and math and Mr. Briggs who taught a variety of courses this year. These teachers joined the math department whose staff members are: Ms. Bessel, Mr. Bihun, Mrs. Kalmacoff, Mr. Lerbekmo, Ms. Marika, Ms. Matthews, Mr. Pysyk, Mrs. Stobbe, and Ms. Wilson. Unfortunately Ms Saini, Ms Popplestone and Mr. Zarowny will not be back next year but we are pleased that Mr. Kapoor will be back to teach mathematics.

2000-2001 was the year that students in Ms. Marika's semester one classes of Math 10AC, 20AC and 31AP and Mr. Kapoor's semester two Math 33 classes trekked to the rec centre to receive their math instruction. Thankfully the weather this year has been quite pleasant and there were no major snow storms that we had to cope with as we made our way to the classes in the rec centre.

In addition to the new classroom situations, there was in the introduction of 3 new programs of study in 2000 - 2001: Math 10 Prep, Math 20 Pure and Math 20 Applied. Students and staff met the challenge of the new curriculum with its focus on processes and projects. Hopefully students will be prepared to tackle the projects that Alberta Learning will send to the schools as part of the Math 30 Pure and Applied Program next year.

The math teachers at J Percy Page would like to wish all the graduating students success in their future endeavors. To the grade 10 and eleven students: Have a great summer!

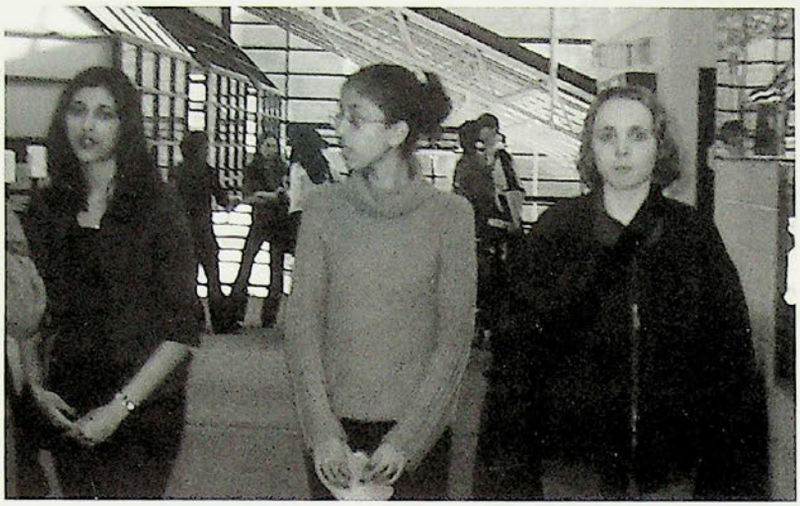
Science

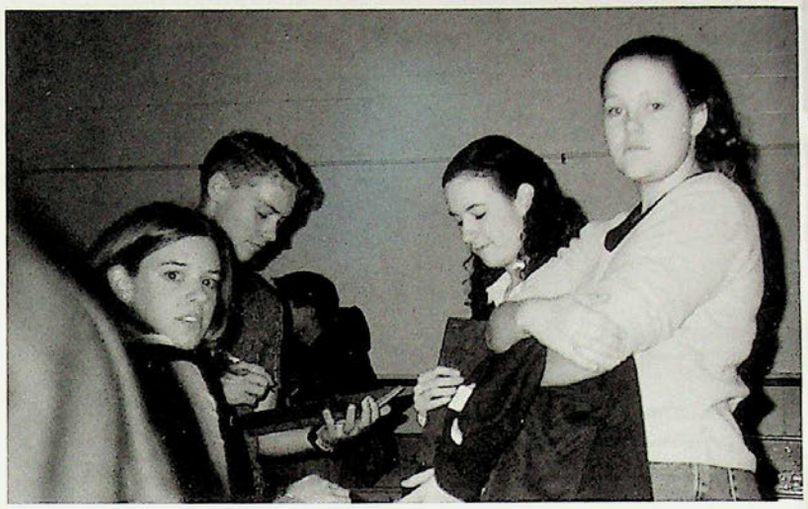
Buxton: Department Head

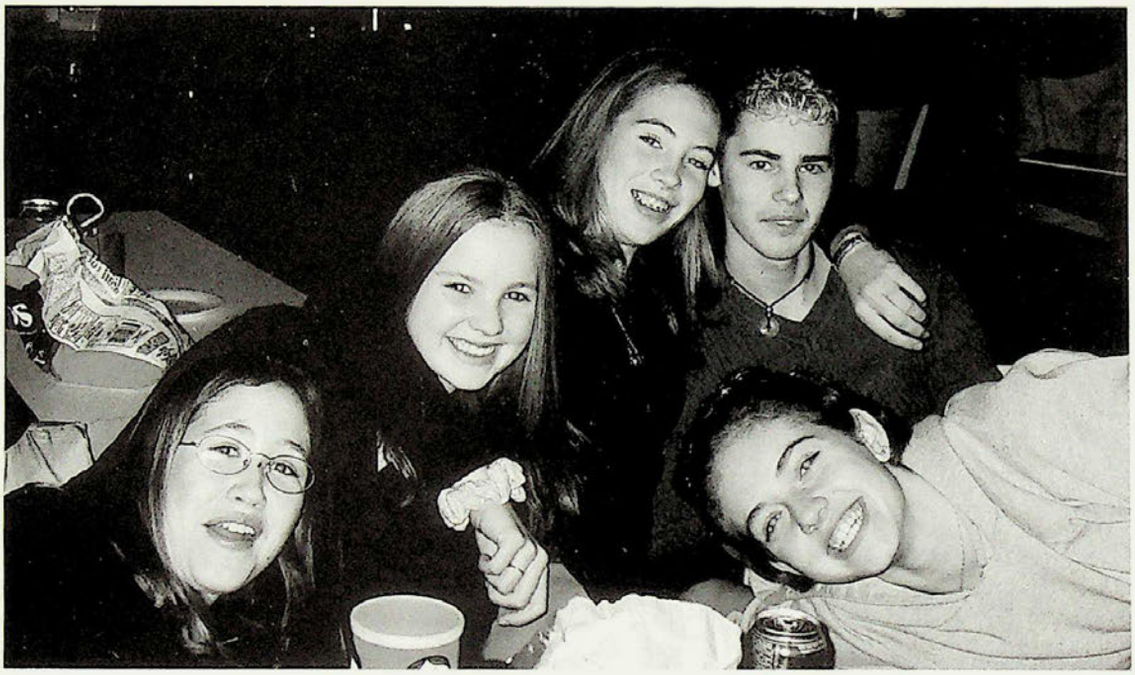
As usual, the year brought changes in the science staff. The increased number of classes this year, as well as my role as Acting Housemaster in Cascade, resulted in several additions in Science. We were fortunate to obtain the valuable services of Ms. Matchim in September and Ms. Popplestone in semester 2. They both taught Science 10 and 14, as well as Biology 20. We even 'imported' teachers from other departments. Ms. Holomis and Ms. Drisner both made valuable contributions in teaching Science 10. Doing their usual fine job in Science were Mrs. Andrews, Ms. Benedik, Mr. Fung, Mr. Gaumont, Mrs. Huculak, Mr. Maradyn, Mr. Mohsen, Mrs. Panylyk, Mr. Qureshi, and Mr. Wynn.

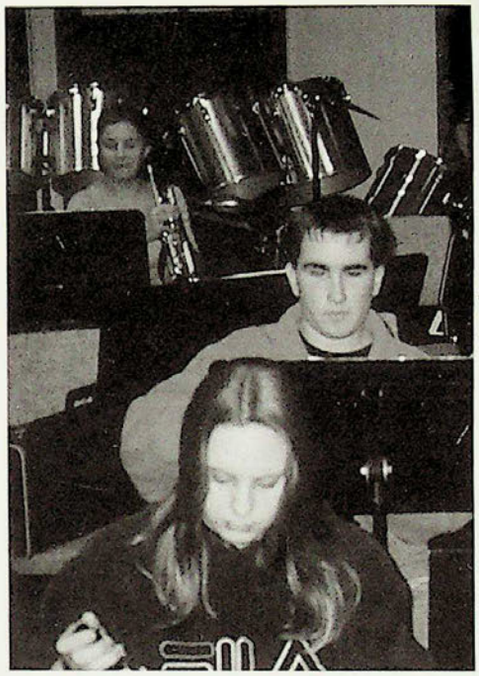
Some things didn't change. The students continued to mangle the slinkys in Physics, smell up the lab in Chemistry, and perform questionable surgical practices in Biology. Mr. Mohsen got top honours in Coke consumption and voice projection. Mr. Fung attempted to establish a new photocopying record with his handouts. Mr. Wynn continued to leave weird drawings on the board, and Mr. Qureshi was well, you know,...Mr. Qureshi.

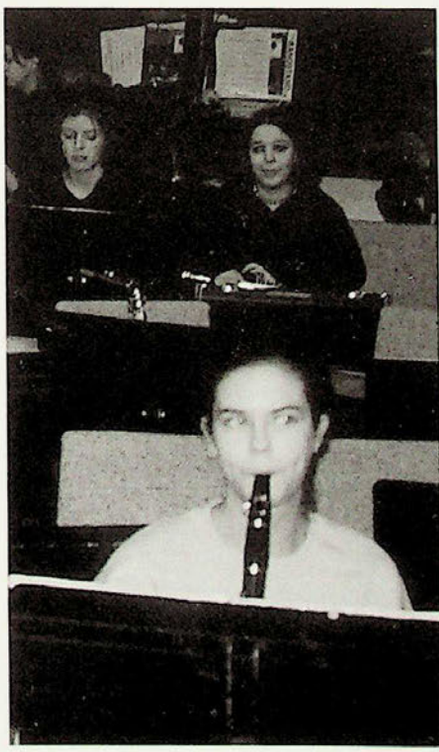
On behalf of the Science Department I wish to congratulate you for your achievements, and to thank you for helping to remind us why we love to teach. To the graduating class, we wish you great success and look forward to hearing about your future accomplishments. To those returning, have a great summer and we'll see you in the fall.

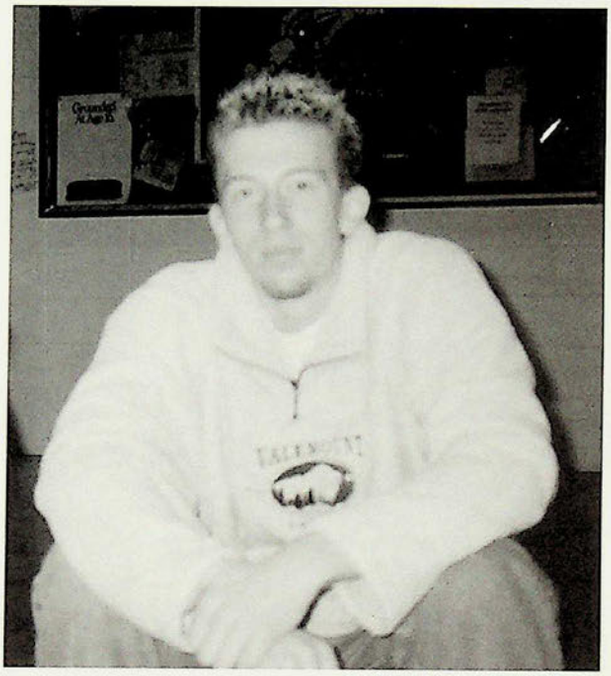




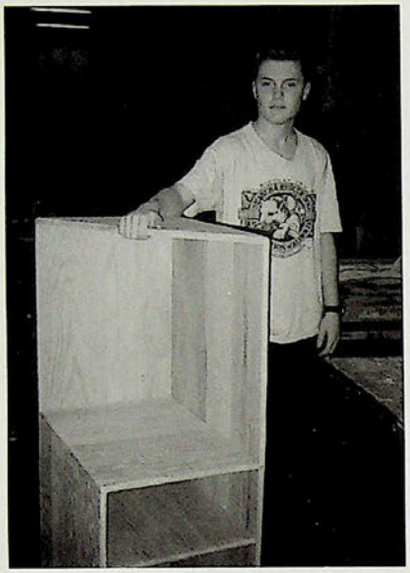




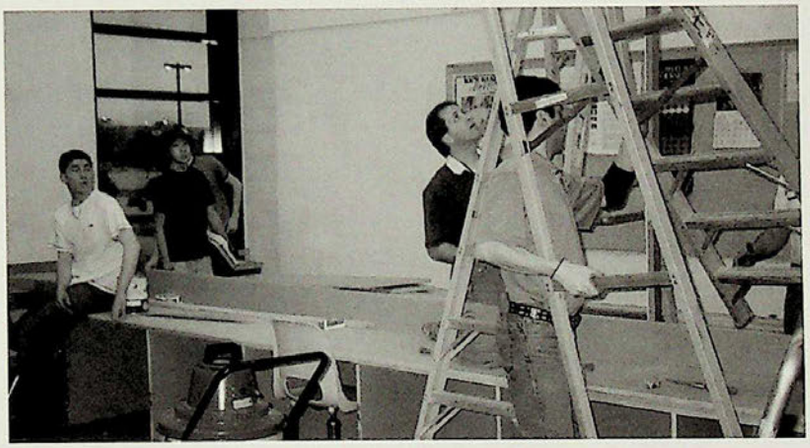




Career and Technologies Studies



Career and Technologies Studies is another one of J. Percy Page's Departments. Our CTS Department Head began this year with Ms. Nichols, but with her maternity leave, responsibilities went to Mr. Balbar. Within CTS there are many classes, which include Cosmetology, Construction, Mechanics, Foods, Graphic Arts, Legal Studies, Financial Management and Information Processing. The Cosmetology and Mechanics Department have been offering their many services to the school and community all year long. Cosmetology also held two successful cut-a-thons to raise money for 2 charities and Skills Canada. Mechanics' former student Cam Kozak received the Artisans Award for his work in apprenticeship. Construction students have made everything from oak beds to pen and pencil sets. A major project that they also did was the renovation of a classroom to a computer lab, room 3-207. Foods provided their services at Taste of Page, Open House and Dinner Theatre. Legal Studies teacher Mrs. Gerke left on maternity leave, with Mr. Briggs taking over. In the four-month period that he has been here, Legal Studies has observed various procedures. At the Law Courts and the International Airport. Law 20 students viewed the security procedures at the airport with the distinct memory of Brit, a bomb-search and crowd control dog. Information Processing students this year participated in many projects; assisting with the hosting of Provincial Cheerleading Championships and Basketball Tournament, the producing of the Grad Slideshow, Athletics Banquet video and the creation of many websites for Alberta businesses. Thanks to all the students who got involved this year. Many thanks to Mr. Balbar and all the CTS teachers for all your hard work and effort. You make the difference!



Skills Canada

Skills Canada is very new to J. Percy Page. It is a competition at different levels to demonstrate the abilities of CTS students across Canada. Last year, J. Percy Page High School made it's presence at the Nationals with two winners, Miranda Roy (Gold) and Rita Kohli (Bronze). This year, Page once again topped with: Matt Adams (Regional Gold) in Cabinet Making, Rozeel Karan (Provincial Silver) in Ladies' Hairdressing Grade 10/11, Mui Yee Lee (Provincial Silver) in Ladies' Hairdressing Grade 11/12, Carolyn Schulz (Provincial Bronze) in Men's Hairdressing and Miranda Roy (Provincial Gold) in Apprenticeship Men's Hairdressing. Regionals were held at M.E. Lazerte, and moved to Calgary for Provincials on May 4th. Only gold winners from Provincials this year moved to Nationals held in Montreal, Quebec, where Miranda captured silver. Congrats to all who participated in Skills!

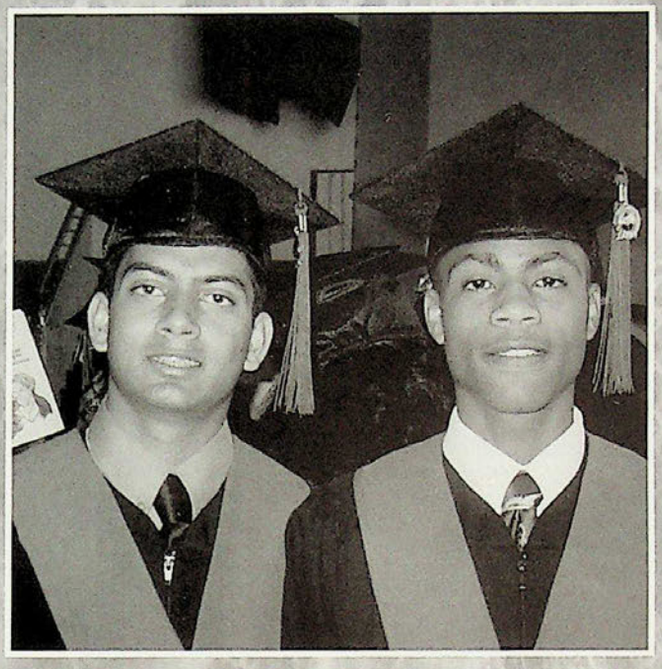
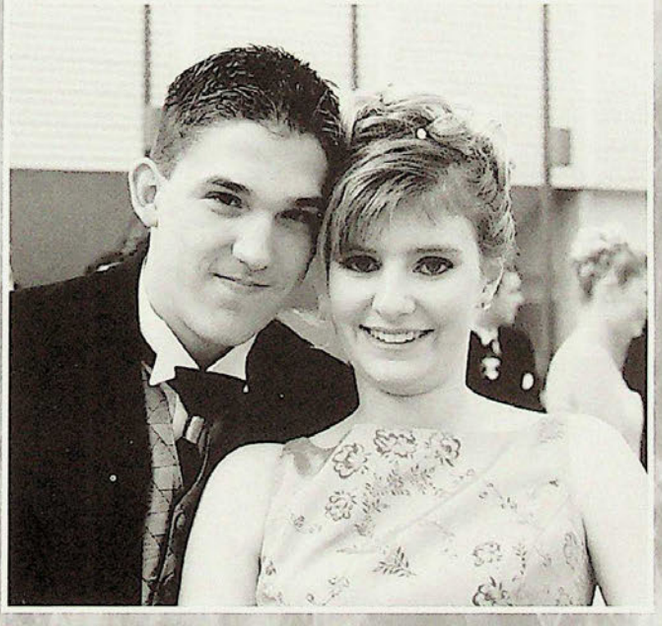
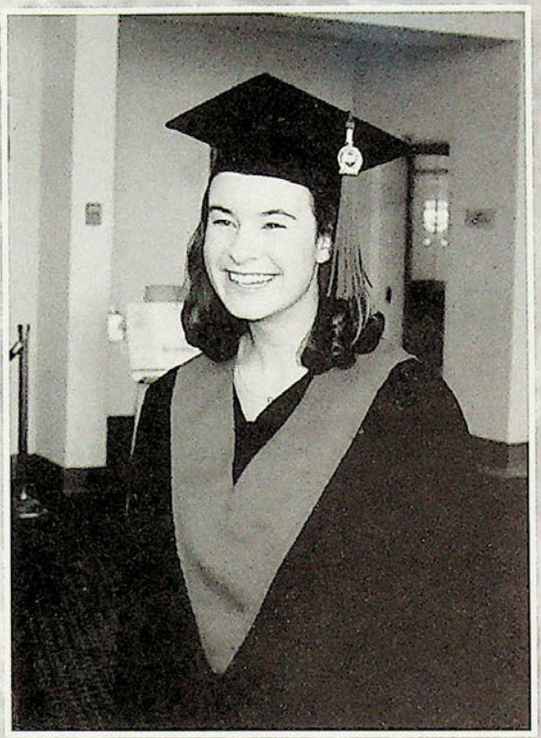
GRADUATION 2000



"When You Believe"



GRAD COUNCIL



Grad Council: Julie Thomas, Noor Salman, Mrs. Greenhalgh, Mui Yee Lee, Brandi Burlingame, Jennifer McLean, Aqeela Khalid, Ryan Hamilton, Jennifer Neville. Missing: Mr. Bushewsky

There is one reason why I wanted the honor of being your grad president. That is because regardless of all of our differences as people, I believe that everyone in the J. Percy Page Class of 2000 deserves to graduate. You have earned the right to advance in your education even if you happened to miss a few classes (surely by mistake) or failed to hand in a couple of assignments (my printer's broken!). And while most of us view the event as one big party, we should realize that we are now being given the opportunity to pursue our lifelong dreams. Remember, anything is possible "When You Believe".

I would like to take a moment to thank a group of people who believe strongly in this. Firstly, Mr.Bushewsky, Mrs.Greenhalgh, and all the other teachers and support staff who have worked so hard to ensure that grad runs smoothly, and secondly to the graduation council who worked tirelessly to make the year 2000 special. If you see Brandi, Ryan, Jen, Aqueela, Noor, Mui Yee, or Julie you might want to say thank you. They're an extraordinary group of people and were so much fun to work with.

In closing, I urge you to make the most of these last weeks of high school. Enjoy the company of your friends, party responsibly, and create timeless memories. Celine Dion once said, "There is no limit for me, and there never will be". We must all believe this of ourselves and go show the world what we have to offer.

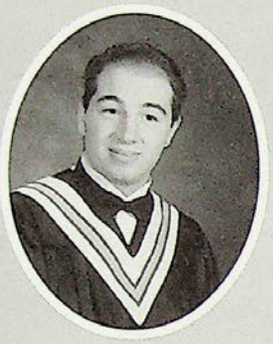
DANIEL BERGEN: By quick approximation, it's taken me twelve years to accumulate the time, grades, and experience to earn this little piece of paper that says I did. Now they want me to shell out thousands of dollars for more of the same, but twice as intense? A miniscule "thanks" to Alberta Ed for the ineffective system and messed-up curricula that exacerbute fundamental laziness in our students. A big "Thank You" to Mr. Gaumont, and all the other real teachers out there, who tell it like it is.



WALKER BESHARAH: Looking back it all seems like a dream that you never forget. And I guess it kinda was. EVAN DROBOT: Finally worst 3 years of my life are over. What I learned in these past 3 years, is that arguing with an instructor is like wrestling with a pig in the pig really enjoys it!!. To all my boys you know who you are, I won't ever forget all the great memories we had together from 1 to 12. Duane where's my hook up. Unless you try to do something beyond what you have already mastered, you will never grow.

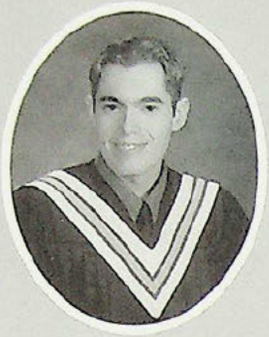
TAMMY DUBRAY: I don't know where to start nor where to end so to keep things simple I'd just like to say thanks to all; the memories will never die. A little inside joke with Mohsen, if you're still here in two years, You've got another Dewberry heading your way. Well, now the challenge of a tearless goodbye as we all move on with the rest of our live. Thanks again to everyone I've met up until now. I learned a little something from each of you. MUCH LOVE.

CHRISTY DURAND:First I would like to thank God for bringing me this far. To my parents who showed me unconditional love and support at all times. Dad for getting my life in a straight line. To Dana,Alicia,Sill,and Ala for making my highschool days as fun as they possibily could be. AP-lime green again. JN,ND,DA-Let's roll to Bills'. DZ finally in the same school and it's over already. Friends from Sept'87 till the day we die. JH(cousin) Chillin at Chris' and Bills'(home). One more thing I'm glad it's finally over and just in time for the new millenium PEACE!



STUART ELDER: I would like to thank the teachers for getting me to where I am. Thanks to my friends for the good times that we have had. I appreciate my parents for the support to get school done. DAVID LEICHT-Thanks to my Family for all the motivation, it's much appreciated. Thanks to all my friends, especially, Atom Munro for proving you're never too young to do well, anything, Walker for revealing $80 of joy via concert merchandice, Mike who was, well, there, Jesse who showed me how a yellow piece of plastic can amuse, and Sheila for listening and caring about my pointless often incoherent stories. SQUID BOY FOREVER "It has to start somewhere, it has to start sometime, what better place than here, what better time than now?" "Please, just let me lie here."

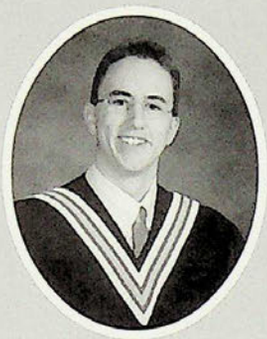
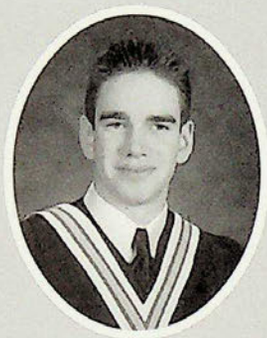
JESSICA LEIGH:First and foremost I would like to thank my family for all their love and support, I couldn't have done it without you! To all those who stuck by me through the tough times you'll always have a special place in my heart.A special mention goes to: CT and our beautiful baby, I love you! To JM, do I even have to say anything? And to RH&RW, I'll never forget all the laughs! Last but not least, to many special people who made High School memorable, Thanks! Congratulations grads, WE MADE IT!

VINCE LEVESQUE: Thanks to God, my parents and family. And to Blake for bein goofy, Lesley for being easily entertained, and to martin:maybe one day you'll be funny. And to my Foods 30 class, it was a unforgetable class.Math 30 was like an Advanced Atomic Theory class to me. And to everyone else, have fun in the future, but not too much. anyways, Enjoy!

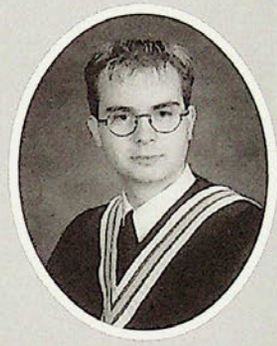


CHERYL LEWIS:"Deliver me from mine enemies, O God:defend me from those that rise up against me." Thnx 2 those that told me I wouldn't make it.If not 4 U I wouldn't be as far as I am today.Thnx 2 my family 4 their support. Thnx 2 Ruth 4 always being real with me. Thnx 2 Cyre 4 always having so much fun.Thnx 2 Soya,Wums,Betty,Kendra and Robin 4 always being there 4 me.Thnx 2 all the guys, you know who you are, 4 making these years as good as they were. And finally 2 a small group of people, hopefully U will grow to look at life different and grow to be honest with yourselves.

JEFF LEWIS: First I would like to thank my friends and family for making my 3 years here fun. Much love to my Millbourne Donair boys, Thanks for the good times. I would also like to thank Degrassi for teaching me all of lifes lessons. Well here we are, Standing in front of a road with no clear destination. "I don't know the future. I didn't come here to tell you how this is going to end.I came here to tell you how this is going to begin... Where we go from here is a choice I leave to you." -The Matrix



TROY LIP: In the past three years I've been in this school, they have been fun and lonely wouldn't you say so people! As a gr 12 it has been hard to set a good influence for the 10's and 11's which will be 12's next year.There are people I would like to thank, SF,JM,LB,DG, MK, TJD, FT,TB,HR,PH,SM,BD, LB,AP,JG,KG ,lolly pop boy, AF,SF, and to all of my other friends thanks as well and a special thing to TJLC for alway chearing me up every day??I will always remember my friends as well as my the good times in school. Hay Beet! Hay Grry! MY SENTENCE IS OVER! woohoo :-P



SEAN LOCKLEY:By the time you read this I'll probably be in Europe recieving a real education. Maybe someday I'll think back on my high school years, but probably not. You won't see me at the high school reunion, but if you turn on your TV you'll probably catch my music video on much music. Thanks to my folks for the inspriation. May the future hold many more nature walks in the B.C. woods and on cold winter nights. Hi

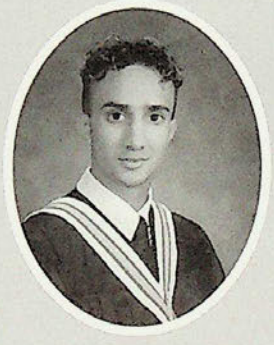
DANIEL MUIR: I guess the time has come to say goodbye to everything that I loved and did not love about Highschool. First thing first is to thank my loving family. Mom, Jarred and Dad who helped me struggle through school and I love all of you. I would also like to thank the "FOUR" Shane C, Bear, and Dave B. and the Wapiti Crew, you know who you are. A special thanks to Salwa S, Jessica VB, Archie E, and Carolyn S. All of you have always been there for me. For those I missed mentioning, very sorry. The last thing to say is that its been great and I will miss it all!

MARLENE MUNOZ: 1st + 4most I would like 2 thank my family 4 always supporting me in all I do + giving me confidence 2 move 4ward in life. I'd especially like to thank my mom 4 doing my homies + being NW, I♥U. It's hard 2 believe that 3 yrs have past by, filling my life with memories of hardships + laughter. KMthank U 4 being there whenever I needed U, CM U always made me laugh + who knows maybe U'LL hook up with Shemar Moore, SB what can I say "SOCCER RULES" LB thanks 4 being a good friend. 2 the graduates of the yr 2000 "We've made it", best wishes 2 U all.



KENNY NANUAN: Throughout my life, I've learned,many lessons. Certain people cheat and others deceive, you just have to know what you are dealing with. I have learned you cant trust anyone, at times not even your best friend. People always seem to throw their respect to those with cocky attitudes however: "To rule the world as a thug is shown as dominance, but to own the world as an insignificant is the true sense of Power" Im never the one to start things, but I do put them to a stop... "Dominatus Debello" (Medieval Latin) SMC

DEBBIE NESSEL: "I Have An Announcement!" Congrats Graduates of 2K.Thanx 2 my family 4 luv+support. 2 my friends along the way,I couldn't be me w/out experiences shared + memories made-FUNKY PICKLE DAY 4ever will survive. The Grad Song

When You Believe

Many nights we've prayed with no proof
anyone could hear.
In our hearts a hopeful song we barely understood.
Now we are not afraid, although we know
there's much to fear.
We were moving mountains long
before we knew we could.
Chorus:
There can be miracles, when you believe.
Though hope is frail, it's hard to kill.
Who knows what miracles you can achieve?
When you believe, somehow you will,
You will when you believe.

In this time of fear, when prayer so often
proved in vain,
Hope seemed like summer birds,
too swiftly flown away.
Yet now I'm standing here, with heart
so full I can't explain,
Seeking faith and speaking words,
I never thought I'd say.

Class Historians Shamik Bilgi and Greg Beddow

(slide of school)
GB: Welcome to HISTORIAN RECAP 2000.
SB: Which plays back the past three years at J. Percy Page. I'm Shamik Bilgi.
GB: And I'm Gregory Beddow. We'd like to start off by looking back on the first day of school in grade 10.
(slide of school map)
SB: To the makers of these school maps, it was a nice gesture, but these things are garbage!
GB: Almost every grade 10 student was confused, wandering the halls with the maps, while grade 12 students *kindly* pointed them in the wrong direction.
SB: By the end of the day, students were pretty much filled in about which teachers they will have to deal with every day for the next 3 years.
GB: We've linked the traits of our teachers to those of famous people.
(slide of Mr. Ross)
SB: Mr. Ross, we found someone who takes the same vitamins as you.
(slide of wrestler Scott Steiner) (pause)
(slide of Ms. Drisner)
GB: Ms. Drisner, we found your other twin sister, with almost the same hair style.
(slide of singer Macy Gray)
SG: Then there are teachers who have one specific thing that we can associate with them.
(slide of Mr. Bushewsky)
GB: The problem with Mr. Bushewsky is whenever he starts a sentence . . . (Greg walks away, he comes back) I lost my train of thought . . . (Shamik whispers something to Greg) Oh yeah, during a sentence, he just walks away.
(slide of Mr. Mohsen in pink sweater)
Mr. Mohsen, pink sweaters are not cool!
(slide of Mr. Maradyn)
SB: Speaking of NOT COOL. Spandex is a privilege, not a right. Oh, and by the way, Mr. Maradyn, if you're going to wear spandex, please don't put your foot on the top of a stool.
(slide of Mr. Pysyk's truck)
GB: Mr. Pysyk, what exactly do you have in your truck, if you're running to it every 5 minutes?
(slide of Ms. Benedik)
And Ms. Benedik, it's okay to like your job.
SB: As for Mr. Marshall and Mr. McDormand, we'd personally like to take this time to . . .
GB: . . . PLAY CARDS! (pulls out a deck)
SB: (they start playing cards) We're serious! (messenger gives Shamik & Greg a piece of paper)
GB: This just in, Matt Morawski is white!
(slide of Matt Morawski)
SB: And Darin,
(slide of singer Bobby Brown)
Bobby Brown is FINISHED. Just a reminder to all my brown friends, today is Tuesday, so you know what that means.
GB: We have broken down this year's events into a TOP 5 list.
SB: In at Number Five, the Y2K Bug gave students an ideal excuse to come late for class, even though school started on January 3rd.
GB: At Number Four, Page Pride was at an all time high when two MCs defeated two kids from Ainlay in several wrestling matches.
At Number Three: There was almost a teacher strike in Calgary. As a result, many people at Page were stressed out too.
(slide of Greg sleeping in class)
SB: At Number Two, the team Millbourne Donair won every intramural sport.
GB: And finally our Number One event was . . . the sensational school dance we had in March. Do you remember the dance, Shamik? (Shamik with blank look on his face)
SB: Another thing that kept happening this year was the grade 10s and 11s thinking they were rougher than us grade 12s. You have to wait until you're in grade 12 before you can run your mouth. (Greg coughs) Did you just say FSB?
GB: No I was coughing.
SB: Anyway, we are all graduating this year, and we have an idea of what some of the students will be doing in the future.
(slide of Amy Aitchison)
GB: Amy Aitchison will become a professional hair stylist.
(slide of Graeme Reid, MJ Anderson, and Henry George)
SB: The NBA will await the arrival of Graeme Reid, MJ Anderson, and Henry George.
(slide of Dustin Schwartz)
GB: Dustin Schwartz will become a famous actor. (Pause) Then there are the most likelies.
(slide of Brad Woren)
SB: Brad will most likely still be selling CDs to Page students, and you can now pay him with credit cards. By the way, he will still be living at home with his parents.
(slide of Andrew Nguyen)
Andrew will most likely design sandals that last long and are durable in all weather conditions.
(slide of Greg Beddow)
GB: And I will most likely become a WWF superstar.
SB: Right.
SB: To plan for this speech, we were looking through speeches from previous years.
GB: A couple years back, two female historians really knocked down the guys.
SB: We think that on behalf of all the fellas here, we should talk about the girls. (Greg and Shamik start stretching)
GB: Reality check time. Girls, do you really think that when you were in grade 10, those grade 12 guys liked you for your personality?! Here's love lesson 101 . . .
(slide of man's brain)
. . . this is not for playing with.
SB: Love lesson 102: The bigger the jerk does not mean the better the boyfriend.
GB: And finally lesson 103: Just because you come up with a fancy word like "Capri" doesn't mean it's okay to wear pants that don't fit. There is however one girl who everybody loves.
(slide of Ms. Holomis)
GB & SB: Ms. Holomis!
SB: Man, girls sure are talented at playing mind games.
GB: Speaking of talented . . .
(slide of Scott Ryland)
. . . Scott Ryland sure blew us away with his rap at the spring talent show.
SB: Another talent that Page students seem to have is spreading rumors.
GB: I heard that Mrs. Shewchuk was robbed.
(slide #1)
SB: Are you sure? I heard she was mugged.
(slide #2)
GB: I heard that she was mauled to death by polar bears.
(slide #3)
SB: Oh well, we'll figure it out later. While we're on the subject of gossip . . .
(slide of Ingrid Yukes & Kristi Robinson)
GB: Shamik & Greg shrug their shoulders) Our thoughts exactly.
SB: Rumors can get out of hand. For the record, the grapevine is always wrong!
GB: ALWAYS WRONG!
SB: So moving along, let's talk about our biggest pet peeves.
(slide of attendance profile)
GB: The attendance profiles never get home.
(slide of kid with boombox)
SB: You kids who walk around blasting your boomboxes are not cool.
GB: (holds up pepper spray bottle) Don't spray pepper in the hallways.
(slide of dripping toilet paper)
SB: Why is it that the toilet paper is always soaked in all of the guys' washrooms?
GB: And our compliments go out to the art classes for their decorations on the bathroom walls.
SB: I don't think the art students did it.
GB: Whatever. As for our final pet peeve . . .
(slide of Mrs. Mather's book of spares)
. . . the book of spares. We don't skip!
SB: Honest! (both take a deep breath)
GB: Now that we got that out of our system, we'd like to thank some individuals who have truly influenced our high school career. (Pause)
(slide of Donnie Wahlberg)
Donnie Wahlberg.
(slide of Danny Wood)
SB: Danny Wood
(slide of Jonathan Knight)
GB: Jonathan Knight
(slide of Joey McIntyre)
SB: Joey McIntyre
(slide of Jordan Knight)
GB: And Jordan Knight
(slide of NKOTB)
Ladies and gentlemen, The New Kids On The Block!
(slide of Shamik & Greg)
SB: Congratulations to the Class of 2000!
Give it up for Mr. Qureshi & Mr. Wynn who did our slides.

Valedictorian Address

Welcome honoured guests, parents, teachers and fellow graduates. Twelve years ago we entered our first schools as children, fearful of what we would learn, who we would meet, and what we would see. Now, with the same childhood fears, we will leave high school to enter into adulthood. What we do not realize is that there is nothing to fear, but instead the world should be afraid of us. Look around, each person here is capable of changing the world. It is just a matter of each of us discovering how we will do it. Some have already made the decisions which will change the future, and the path they will follow becomes more evident everyday. Others are uncertain and have yet to uncover their passion for life, but will remain ambitious to find it. Before each of us embarks on this great journey of personal success, we will be held witness to this rite of passage called graduation.

Tonight is a defining moment for each of us. It is proof that the choices we have made to lead us to this day have always been the right ones. Challenges that had lain before us, cease to exist because our strong will and determination have overcome them. The recognition we receive with our diploma is only the beginning. The possibilities ahead of us are endless.

Our future decisions will not sacrifice our integrity; they will be risks taken to fulfil our dreams. Nothing will be beyond our reach, and the changes we make will be as powerful as we are as individuals. There is an entire world awaiting our arrival.

We have not come this far alone. The people with whom we have chosen to surround ourselves believe in us in the most unimaginable ways. When we want only to doubt our capabilities, our families will be there to offer us continual strength as we pursue all feats deemed unattainable, and when we succeed they will feel the same pride they have for us today. Our teachers, who have guided us academically, saw within each of us the potential to achieve levels of greatness never seen before. Although we may never take the opportunity, we thank every teacher who has tested our knowledge and offered us encouragement. We only hope that the accomplishments which have made us graduates can repay each teacher for the lessons they have taught us. Our education has instilled within us a confidence which enables us to reach beyond all heights. For this reason we can expect nothing less than the best from ourselves. Yet, when this expectation seems too high, and failure seems inevitable, we will turn to our friends for the support and companionship we need. Their laughter has made school bearable, and their loyalty withstood immeasurable trials. There is no doubt that the trust we have with one another will endure the changes to come, and for this reason we will remain forever present in each others lives.

When our paths cross in the future, will we still have our dreams, or will they be our realities? That is not for us to know. Until then, we will live in the moment and celebrate the achievements which have brought us here tonight. We will take this opportunity to look back at the experiences which have given us the ability to change the face of tomorrow.

It was an honour to be part of a class which continually exceeded all expectations. And tonight is no different. With the beginning of a new millennium there is promise we will surpass all limitations. So for what we have done today, and for what we will achieve tomorrow, I would like to extend my congratulations to the J. Percy Page graduating class of the year 2000. We have arrived.

Editors' Message

We have come to the end of the yearbook, and the end of th
